cosmetics

SheerAir Lipstick

Airy lipstick formula with the softest and most hydrating marshmallow like texture that adheres lightly on the lip. This formula addresses concerns of serious chapped lips, dead skin removal and fine line minimization, while penetrating nutritious actives effectively on the lip. The moisture can keep up to 8 hours, acting as a hydrating serum agent.

AceCreme Lipstick

Global signature lipstick technology. This unique design is made to let nutritious oil molecules to be activated during the lipstick application. This allows a precise melting application on the lips. The special process is achieved through changing the temperate sensitivity of oil and wax, producing a fine and warm texture. Our technical treatment adds flavour enabling long-lasting properties and a rich color pigmentation.

COSMOPROF AWARD FINALIST

PATENTED
TECHNOLOGY

Gold in Air Lipstick

Our Global special thinning technology enables nutritious gold pieces to be sliced at the thinnest texture, maintaining the molecules and the essence of the formula. As the active gold ingredients are well stored in the lipstick, it provides functional benefits like anti-aging, hydration and fine line minimization. This technology can address various concerns at once.

DivaCream Lipgloss

Unique formula that is highly pigmented and super hydrating. It offers the Triple Shine Complex with just one glide of application. It has a super long-lasting effect, with intense color pigmentation, that lasts up to 10 hours. Enriched with emollient oils for a glossy, fluid texture, and silicone polymers to intensify the dazzling soft feel on the lips.

HaloSheer Lipgloss

Sheer gloss with the lightest weighted texture. It has a hydra boost complex texture that is infused with Vitamin E and natural wax, along with coconut oil, to leave the lips instantly moisturized, smooth and nourished.

MatteCoat Lipgloss

Matte liquid technology is a weightless and long wear formula with a one –swipe smooth application. Made with beeswax to give the lips abundant nourishment. It has the perfect coat texture, that keep the pigmentation intact even after a long day.

Tinted Lip Oil

Global lip oil has an intense moisture formula that is creamy yet extremely light weighted. It contains Vitamin E and Coconut Oil giving a glossy look and reducing fine lines.

Gloss Glaze

This symbolic lip gloss is made by applying a unique liquid coating in a meticulous way. Glaze technology has a complex of distinctive qualities such as providing a soft creaming touch, strong pigmentation and a high level of adhesion. The texture is stabilized to give a pearl, sparkle, duo-chrome, holographic or iridescent finishing.

The Natural Beehive Lip Mask

Global uses food grade oil to create this lip mask formula. Our edible oil includes world recognized Ecocert natural ingredients such as Vitamin E, white flower seed oil and olive oil. After application, the light weighted honey acts as a protective and nourishing layer on the lips, keeping them juicy and glossy.

Maxi-lip™ Lip Serum

PATENTED
TECHNOLOGY

Global's elegant lip serum has the best formulations to allow deeply penetration underneath the skin. The serum helps natural repair, locking moisture and preventing anti aging particles to be developed on the skin, leaving the lips looking healthy and feeling smooth.

Sugary Sweet Lip Scrub

Global uses the simplest and most effective key ingredients for lip scrub. Our sugar cane particles act as the main base to exfoliate, and coconut oil with honey act as a divine softener to melt the dead skin texture completely. This magnifies the softness of the lips, with no burden or harsh chemicals.
